

THE
VILLAS
at Frederica River

August 1, 2007

In regards to:
Lawrence General Contracting, Inc.
P.O. Box 1495
Brunswick, Georgia 31521

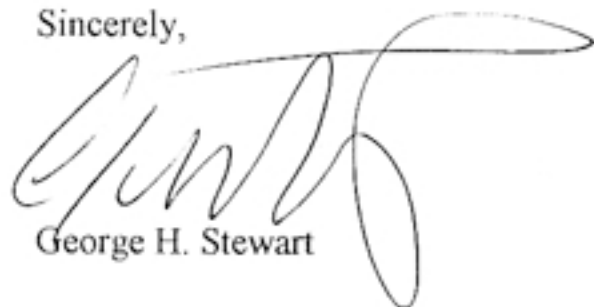

To Whom It May Concern:

In consideration of a General Contractor who offers quality work within time constraints and better costs, I highly recommend Billy Lawrence of Lawrence General Contracting. When I received bids on The Villas of Frederica twelve unit condominium project, I chose Billy Lawrence because he promised to complete the project in a reasonable amount of time for the best price. Never compromising quality, Lawrence General Contracting did an incredible job on the building and completion of The Villas.

At every turn along the way during construction, I found Billy to be fully in charge of all contracting and very approachable with any concerns. The quality and craftsmanship of The Villas speaks for itself, and I have Billy Lawrence to thank for that!

Please feel free to contact me with any questions or stop by The Villas at Frederica River to see the completed project.

Sincerely,

George H. Stewart
