To Whom It May Concern:

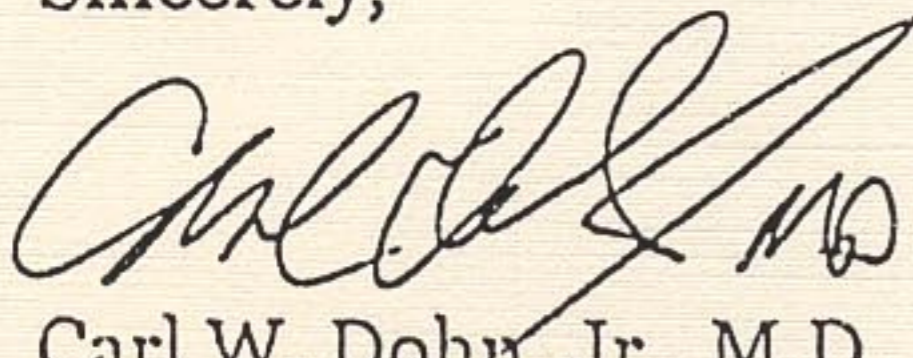

It is my pleasure to highly recommend Billy Lawrence as a general contractor. As senior partner in a seven doctor OB-GYN group, I worked closely with him four years ago when he was the project manager of our new \$2.4 million office on Fourth Street in Brunswick.

For the past year, my wife and I have again been working with him as his new company is building our new home and horse barn in Camden County. This is a project totaling well over one-million dollars.

He has brought both projects in on schedule and under budget. I have gotten nothing but positive feedback from his subs. I would recommend Lawrence Construction Company without reservation, and would not hesitate to use him again.

If you have any questions regarding the above, please feel free to call me.

Sincerely,

Carl W. Dohn, Jr., M.D.
